Dear Parent/Guardian,

The Green Bay Area Public School District is conducting an anonymous School Climate Survey of its staff, students and parents. The purpose of the study is to gain a greater understanding of perceptions regarding safety, student engagement and overall school environment.

The student survey will be administered to grades 3 through 12 during the school day beginning January 28, 2019. It is an anonymous online survey. You can view the student survey on the District's website www.gbaps.org/climatesurvey.

Participation in the student survey is voluntary. If you would prefer that your child(ren) not complete the student survey, please fill out the bottom portion of this letter and return to your school principal by January 25, 2019.

A link to the parent survey will be emailed to you on February 18, 2019. More information about the parent survey will be communicated in early February.

We thank you for your consideration regarding this important effort of providing District administrators and the Board of Education important information about our schools in an effort to continuously improve.

If you have any questions about this survey, you may contact me or the Help Desk at the Green Bay Area Public School District office at (920) 448-2148.

Sincerely,

Michelle Jacobson
Principal, West High School
Green Bay Area Public School District
